2023

USA Cares' mission is to provide post-9/11 military veterans, service members, and their families with financial assistance and post service skills training to create a foundation for long-term stability. Our services improve the quality of life for veterans and their families and reduce potential factors that can contribute to veteran suicide.

Dear Friends,

As we enter the month of July, we are excited to share our June adventures and accomplishments with our loyal supporters. Our dedicated staff and volunteers have been working tirelessly to extend USA Cares' reach across our network and make a positive impact in the lives of veterans.

In our news section, we are thrilled to provide an update on the Stars for Heroes campaign. We would like to express our deep appreciation to everyone who has taken the time to support this important fundraiser. We would also like to extend a tremendous thank you to all the Hardee's and Carl's Jr. restaurants who have played a crucial role in making this annual initiative a resounding success. With a few days remaining before its conclusion on July 4, we encourage you to visit your nearest participating restaurant and show your support.

We are encouraged by the support from elected officials here in Kentucky. It is truly an honor to have senators and representatives take time out of their busy schedules to visit our headquarters and learn more about USA Cares. Their support and commitment to serving our veteran community are invaluable, and we believe that their involvement can help us grow our resources and expand our reach.

In this newsletter, we have a dedicated section to express our gratitude to the organizations and companies that have recently made donations to USA Cares. We recognize that the start of our work begins with their generous support, and we are immensely grateful for their contributions.

Despite our recent accomplishments, it is important to remember that there is a persistent need for our services. Our call center remains busy, and we rely on the generous help of our supporters to provide assistance to those who have served our country. We encourage you to read through the three client stories we share this month - the courage of Frank, Bernice, and Charlotte - which serve as a reminder of the obstacles our veterans face both during and after their time in the military.

As we celebrate our nation's most important holiday, let us remember the 247 years of freedom we have enjoyed. We must also take this opportunity to surround those who have protected our freedom with love and compassion. May you have a happy and safe July 4th.

Thank you for your continued support.

Every donation USA Cares receives helps to change a veteran and their family's life. With the financial need for each veteran continuing to increase, many feel like their single donation is not doing enough. This is where the Cadence Monthly Giving Program comes in.

An automated donation of \$35 every month (\$420/year) pays for a veteran's monthly grocery bill; \$50 per month (\$600/year) pays a monthly car payment; \$100 per month (\$1,200/year) pays a monthly mortgage payment. Your commitment provides USA Cares with a steady, reliable income stream and is the best way to allow us to focus on helping our veteran heroes and their families.
